Subject: Oak Ridge EMDF, DOE proposal for public involvement
[EMDF Public Involvement Pathforward v3.docx](#)

Glenn and Randall,

Attached is the latest DOE proposal on additional public involvement for the EMDF ROD. It has been reviewed by EIT. TDEC seems satisfied with this plan.

The proposal falls short of revising and re-issuing the Proposed Plan, but does allow for public comment on the Waste Acceptance Criteria, and public info with Q&A for the other items.

The public involvement pathforward is an agenda item for the upcoming (June?) Oak Ridge partnership leadership team meeting. Please let us know if you would like to have an internal discussion prior to the leadership team meeting.

Cathy
